

**NCP-Academy Meet & Exchange Workshop on PCP/PPI
„Spotlight on Innovation Procurement in HORIZON 2020”
11th of May 2015, Vienna**

Background and Aim

Pre-commercial procurement (PCP) and Public Procurement of Innovative Solutions (PPI) are new instruments under HORIZON 2020. In 2014 the European Commission launched 3 calls for PCP Cofund Actions in the area of Information and Communication Technologies and various calls for Coordination and Support Actions (CSAs) to support networking of public procurers. Results show that the overall participation in these calls has been rather limited. Currently further 6 PCP Cofund Actions, 6 PPIs and 4 CSAs are open or forthcoming. The planning for the work programme 2016/2017 is ongoing.

Against this background both major hurdles as well as good practises of implementing PCP/PPI need to be identified and discussed. For this reason the NCP-Academy organises a Meet&Exchange Workshop on this topic leading to

- an increased knowledge about good practises and major implementation hurdles of PCP/PPI
- a better understanding of the different players/target groups in this field
- a clearer picture on how to implement PCP/PPI on national level and the role and services of NCPs

The workshop will contribute to stimulate mutual learning among NCPs. A crucial element of the event is the exchange with the EC and procurers. Furthermore the outcome may serve as basis for a first NCP experience report on PCP/PPI for the benefit of the entire NCP-community.

Target Group

NCPs dealing with PCP/PPI in Horizon 2020 having already gained knowledge and experiences

Date

11th of May 2015, 10 am to 4 pm

Venue

House of Research, FFG - Austrian Research Promotion Agency,
Sensengasse 1, 1090 Vienna, Austria

In case of questions please contact the organisers:

Ms. Gudrun Seyr (gudrun.seyr@ffg.at), +43 (0)5 7755-4111

AGENDA

10 am – 4 pm

- 10 am** **Welcome and moderation**
Birgit Steininger | FFG Austrian Research Promotion Agency, Vienna
- 10:15 am** **The implementation of PCP/PPI – processes in the EC, lessons learnt of first calls, future activities, needs & expectations**
Samy Bettiche | DG Research, European Commission
- 11 am** **Using the instrument of PCP/PPI - challenges & chances**
Johan Lundström | Swedish Competition Authority, Sweden
Carl-Markus Pischwanger | Federal Computing Centre (BRZ), Austria
- 12 pm** **Lunch Break**
- 1 pm** **Experience reports from NCPs & discussion**
Jeannette Klöckl | FFG Austrian Research Promotion Agency, Vienna
Nina Widmark | VINNOVA, Sweden
Miguel Ortiz Pajares | CDTI - Centre for the Development of Industrial Technology, Spain
Contributions from further NCPs
- 2 pm** **Reflection on key success factors & concrete implementation ideas for the national work**
Contributions of all participants
- 3:45 pm** **Next steps & closing**
- 4 pm** **End of workshop**
- 6 pm** **You are kindly invited to join for dinner!**
Restaurant Stiegl Ambulanz
Altes AKH
Alser Straße 4, Austria, 1090 Wien

The NCP Academy - training facility for Europe's NCPs

The NCP-Academy is a project funded by the European Commission (2015-2017). It aims to enhance the performance of NCPs by providing training and workshops targeting the specific needs of NCPs, independent of specific Horizon 2020 programme orientation. The NCP Academy works for the benefit of the entire NCP-community in Europe. A website will be available soon.

**NCP-Academy Basic Training on PCP/PPI
“Understanding Innovation Procurement in HORIZON 2020”
12th of May 2015, Vienna**

Background and Aim

Pre-commercial procurement (PCP) and Public Procurement of Innovative Solutions (PPI) are new instruments under HORIZON 2020. In 2014 the European Commission launched 3 calls for PCP Cofund Actions in the area of Information and Communication Technologies and various calls for Coordination and Support Actions (CSAs) to support networking of public procurers. Results show that the overall participation in these calls has been rather limited. Currently further 6 PCP Cofund Actions, 6 PPIs and 4 CSAs are open or forthcoming. The planning for the work-programme 2016/2017 is ongoing. NCPs are in charge of promoting and advising these instruments, thus a good knowledge base on the concept of PCP/PPI and on the target group of procurers is crucial for the successful NCP service provision.

For this reason the NCP-Academy organises a 1-day basic training on PCP/PPI aiming at:

- increasing the know-ledge base on PCP/PPI among NCPs
- getting a clearer picture of good practises for the successful implementation of PCP/PPI and useful NCP services in this context.

Participants will

- get a deep insight into the instruments of PCP/PPI including knowledge about the political background, the design of the PCP/PPI instruments, the process of innovation procurement, the funding, some legal aspects and the context of the European procurement guidelines.
- discuss different players/target groups of PCP/PPI and ways of approaching and advising them

Target group

NCPs wanting to increase their knowledge on PCP/PPI and understand these instruments properly

The number of participants is limited up to 25-30 persons

Programme

9.30 am – 4.30 pm

- Welcome
- Why innovation procurement? Horizon 2020 and experiences of the ERAC Task Force Innovation Procurement
- Understanding the PCP/PPI scheme of Horizon 2020 including closer inspection of players involved
- How to motivate procurers: Questions and answers with different actors in PCP/PPI
- Characteristics of project planning, proposal writing, evaluation and implementation of PCP/PPI projects at a glance
- The legal frame of PCP/PPI in the light of the European procurement guideline (including the interplay between national and European procurement guidelines)
- Summary, feedback and end of training

Methods

Presentations, show-cases, group-works, interactive exercises

Moderator

Juergen Rattenberger | FFG European and International Programmes

Trainers & Speakers

Eva Buchinger | Austrian Institute of Technology

Jeannette Klonk | FFG European and International Programmes

Nina Widmark | Vinnova

Marlene Grauer | ICLEI

Johan Lundström | Swedish Competition Authority

Anne Muengersdorff | OECD

Georg Zellhofer | Kanzlei Schramm & Oehler

Date

12th of May 2015, 9.30 am to 4.30 pm

Venue

House of Research, FFG - Austrian Research Promotion Agency,
Sensengasse 1, 1090 Vienna, Austria
